Preface to NSQF-3.5 Compliant Edition

Directorate General of Training (DGT) under the Ministry of Skill Development and Entrepreneurship (MSDE) is the apex body in the country as regards planning, formulating and prescribing norms, standards, procedures and guidelines in respect of various vocational training schemes of which Craftsmen Training Scheme (CTS) implemented in ITI's is the most important. Prescribing well designed curriculum and putting in place appropriate assessment and certification procedure are among the vital aspects of vocational training.

The working of a sewing technology worker undoubtedly revolves around operation of sewing machine, but several other related tasks have to be mastered including understanding the quality and required quantity of fabric necessary for stitching various clothing including those of men, women and kids. A thorough understanding of body shape, its measurement, drafting, layout and stitching is essential. Learning of basic features and practical performance of all such tasks are required so as to become a skilled sewing technologist.

This Q-Bank has been prepared keeping the DGT-prescribed latest syllabus in view. It comprises of a rich set of MCQs for different topics and arranged on DGT – NIMI modular pattern. **In addition, MCQs as given in Bharat Skills have been appropriately incorporated so as to make this Q – Bank more comprehensive, fully updated and currently relevant.** Added to this, a significant aspect is that essential explanatory notes to MCQs have been included so that trainees choose the correct options to MCQs with proper understanding. Moreover, four model papers have also been included for trainees to practice and prepare themselves confidently to face the All-India Trade Test (CBT).

We sincerely hope that trainees will find this Q-Bank very much helpful to adjust with the latest change in syllabus related to Sewing Technology trade. We would welcome suggestions for further improvement of this Q-Bank in its subsequent editions.
